The Blaby Suite has a raised dance floor area and is large enough to accommodate a disco & a live band or can be arranged to allow for a barn dance or even a casino if you fancy something a bit different.

Please ask your wedding co-ordinator for contact details if you would like any assistance in arranging your evening entertainment.

Please note that the Blaby Suite is on the first floor and does not have lift access. The Ashby Suite has lift access and easily accessible disabled WC facilities.
